## **Fourteenth Summer Academy of Dermatopathology** *Graz, July 6-10, 2020*

The 14<sup>th</sup> Summer Academy of Dermatopathology will be held July 6<sup>th</sup> – 10<sup>th</sup>, 2020 at the Convention Center, Graz, Austria. The Course will feature sessions on inflammatory skin disorders with clinicopathologic correlation, melanoma and nevi, cutaneous lymphomas and pseudolymphomas, and other benign and malignant conditions of the skin.

The Summer Academy of Dermatopathology is a course restricted to a limited number of participants in order to maximize interaction between speakers and audience. Many "typical" presentations and unusual variants of skin diseases, as well as rare cases of skin pathology will be reviewed and discussed thoroughly during 5 days of full-time dermatopathology. In addition to routine stainings and clinical pictures, relevant ancillary techniques (immunohistology, molecular biology) will be presented and discussed as well.

The Summer Academy of Dermatopathology is a specialized Course meant for good-level dermatopathologists and for all those with interest in correlation of clinical and histopathologic features of skin diseases. At the end of the Course participants should be able to better diagnose skin disorders based on clinicopathological features, to select appropriate ancillary tests when needed, and to improve their knowledge of dermatopathological features of benign and malignant cutaneous diseases.

### **Course Location**

All sessions will be held at the Convention Center, Schmiedgasse 2, Graz ([www.mcg.at/congress](http://www.mcg.at/congress)). The Convention Center is conveniently situated in the center of the city and is within a walking distance from most major Hotels.

### **Accommodations**

A list of Hotels and Pensions can be found in the Internet at [www.graztourismus.at](http://www.graztourismus.at). Please contact Hotels directly for your reservation.

### **Travel**

Graz can be reached easily by car, train, or plane. There are several daily flight connections from Frankfurt, Munich, Zurich, and Vienna. By car the city can be reached by the A2 and A9 highways. A parking is situated near the Convention Center.

### **Website**

General information on the Course are available on the website of the International Society of Dermatopathology at <http://www.intsocdermpath.org/>

### **Continuing Medical Education (CME)**

The 14<sup>th</sup> Summer Academy of Dermatopathology, Graz, Austria, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with **22 European CME credits** (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

The aim of this Course is to provide information that can be applied immediately to dermatopathology practice, as well as to discuss problematic and controversial aspects that represent a daily conundrum in this field. The interactive outlay of the Course will maximize active participation of all registrants and allow continuous discussion and comments.

All Self-Assessment cases will be provided prior to the Meeting in electronic form in order to maximize the educational value. Hand-outs will be available after each session of the Course in electronic format as well.

On Wednesday, July 9<sup>th</sup> there will be a dinner at a restaurant on the “Schlossberg”, offering a magnificent view of Graz. The restaurant can be reached walking (several steps, steep slope!) or by the “Schlossbergbahn”, a funicular trundling up and down its tracks on a 61% gradient since 1894.

Graz is a lively city, and many cultural and entertaining activities are scheduled daily. The format of the Course will allow participants to visit our city and enjoy, besides and beyond dermatopathology, cultural activities programmed in this period. We hope that you will come and join us in the friendly atmosphere of Graz's summer!
