

LATIN AMERICAN SYMPOSIUM ON DIGITAL PATHOLOGY

FIRST EDITION · LASDP2026

November 20–21, 2026 · Faculdade Sírio-Libanês · São Paulo, Brazil

Registration is 100% free

Swipe to see the full program →

Digital Pathology in Practice

OPENING

08:45 Welcome

 Andrés Mosquera-Zamudio (LASDP President) ·  Renata Coudry (Symposium President) ·  Cesar Nomura (Medical Director, HSL)

GETTING STARTED WITH DIGITAL PATHOLOGY

09:00 What does digital pathology mean to a pathologist?

 Álvaro Padilla

09:20 Basics of Computational Pathology

 Fernando Frassetto

09:40 Cells vs Pixels: an engineer's and a pathologist's perspective on algorithm development

 Andrés Mosquera-Zamudio &  Sandra Cancino

SUCCESSFUL IMPLEMENTATIONS IN LATIN AMERICA

11:00 The GLORIA Network: the first national telepathology network in the Americas

 Rafael Parra-Medina

11:20 Full digital implementation in a private laboratory in Chile

 Javier Quezada

11:40 Building a nationwide digital pathology network for Brazil's public health system

 Adriana Passos

Around the World & Transformation

DIGITAL PATHOLOGY AROUND THE WORLD

13:50 Status of Digital Pathology in Latin America — LASDP

 Andrés Mosquera-Zamudio

14:10 Status of Digital Pathology in Europe — ESDIP

 Norman Zerbe

14:30 Status of Digital Pathology in North America — DPA

 Matthew Hanna

14:50 Status of Digital Pathology in Africa — AFSDP

 Hicham El Attar

15:10 Status of Digital Pathology in Asia — ASDP

 Rajiv Kaushal (online)

DIGITAL TRANSFORMATION

16:30 Round table: Experience of directors transforming their laboratory

 Clovis Klock ·  Cristovam Scapulatempo ·  Jorge Rodríguez ·
 Louise De Brot ·  Vilma Herrera

17:00 Round table: Struggles in changing from the microscope to the screen

 Adriana Passos ·  Isabela Werneck ·  Gonzalo Carrasco ·
 Javier Quezada

Foundations of a Digital Ecosystem

PREANALYTICS, INTEROPERABILITY & REGULATION

09:00 Preanalytics in Digital Pathology

Juan Pablo Pastene

09:20 Regulation of Digital Pathology in Latin America

Álvaro Padilla

09:40 Interoperability in a healthcare ecosystem

Fernando Soares

COMPUTATIONAL PATHOLOGY · PART 1

11:00 The precision and performance of virtual staining

Pekka Ruusuvuori

11:20 AI in Breast Cancer

María Eugenia Colón (to be confirmed)

INDUSTRY WORKSHOPS AT LUNCH

Day 1 Smart In Media

Day 2 Roche

AI in the Clinical Workflow

COMPUTATIONAL PATHOLOGY · PART 2

14:00 AI in Lung Pathology

 Fábio Tavora

14:20 AI in Dermatopathology

 Gonzalo de Toro

14:40 AI in GI Pathology

 Gonzalo Carrasco

15:00 Round table: Using AI in the clinical workflow

 Leonard da Silva ·  Franco Doimi ·  Fábio Tavora ·
 Gonzalo de Toro ·  Gonzalo Carrasco ·  Marcelo Balancin

KEYNOTE

15:30 Pelayo Correa's Lecture: The Future Pathologist in the Age of AI

 Matthew Hanna

16:00 Closing

 Renata Coudry

Why you should be there

30+
speakers

11
countries

5
societies

2
days

- **Five digital pathology societies on one stage**

LASDP · ESDIP · DPA · AFSDP · ASDP — the status of digital pathology in Latin America, Europe, North America, Africa and Asia.

- **Real implementations, told by the people who did them**

The GLORIA telepathology network (Colombia), a fully digital private lab (Chile) and a nationwide public-health network (Brazil).

- **Computational pathology & AI**

Virtual staining, AI in breast, lung, GI and dermatopathology, and how to use AI in the clinical workflow.

- **Keynote — Pelayo Correa's Lecture**

The Future Pathologist in the Age of AI, by Matthew Hanna (UPMC / DPA).

- **Speakers from**

 Brazil  Colombia  Chile  Mexico  Peru  USA
 Germany  Finland  Sweden  Morocco  India

Reserve your seat. It's free.

Faculdade Sírio-Libanês · Campus Bela Vista
